

## ALEXANDER PARTS FROM EQUITABLE

Severs Last Link by Resigning as Director.

### MARKS END OF OLD REGIME

Hyde Still Has Weak Hold, Having Sold Nearly All His Stock.

NEW YORK, July 27.—Simultaneous with the election of Paul Morton as president of the Equitable yesterday the resignation was received of James W. Alexander as director of the society, and the last link between this man and the organization of which he was so long the head was severed.

In its forty-six years of existence up to yesterday the Equitable has had but three presidents. William C. Alexander was the first, Henry B. Hyde the second, and James W. Alexander, nephew of the first president, was the last of the old regime.

#### Hyde Holds On.

Now only James H. Hyde, son of the second president, remains an almost broken link with the former dynasty. He has sold nearly all his stock, he has been ousted as vice president and remains merely a director with a weak hold even on that position.

James W. Alexander, the former president, has left Babylon, L. I., where he has been at a private sanatorium for several weeks, and returned to the Catskills, rejoining his family at his summer home at Ontonagon, Mich. Alexander's health, it was said, is considerably improved, but he will not attempt to attend to any business affairs for some time yet. He has lost considerable flesh during his illness.

A nurse accompanied Mr. Alexander on the trip. While waiting for the train at Babylon Mr. Alexander and the nurse walked up and down the platform. Spying a weighing machine, Mr. Alexander suggested that he get weighed. He tipped the beam at only 156 pounds.

### HOMING PIGEONS DEAD; SUFFOCATED BY SMOKE

A fire which practically destroyed four stables and caused about \$1,300 damage started in the rear of 412 Eighth street southwest last night about 11 o'clock. The cause of the conflagration has not been learned.

The owner of the stable, N. Brill, was about to retire for the night when he saw a cloud of smoke issue from the stable windows. He ran to the nearest fire alarm box and turned in an alarm.

The fire had gained considerable headway by that time. The firemen's efforts were chiefly confined to saving the property adjoining the stable. They were only partially successful, however. The stables of W. C. Waters, H. W. Young and H. A. Morrow were all before it could be put under control.

Mr. Waters also reported the loss of 230 homing pigeons, which he valued at \$500. The pigeons were confined in the left of Waters' stable, and were suffocated by smoke before they could be liberated.

### POLICEMAN HOLSTEIN JUSTIFIED HIMSELF

Special Policeman M. A. Holstein was accused before the Police Trial Board of paying so much attention to the manuring of his finger nails that he failed to see an accident which occurred at his crossing, Seventh and G streets northwest. He was tried on the charge of neglecting his duty.

The charges were preferred by Acting Sergeant C. L. Bode, who practically charged Holstein with being "asleep as the switch." Holstein's explanation, however, satisfied the board, and they recommended that the charges be dismissed, and this recommendation has been approved by the District Commissioners.

### ALLEGED WIFE MURDERER SUES FOR HER ESTATE

KANSAS CITY, July 27.—The lawyers of John M. Crane, charged with murdering his wife, are preparing to bring suit to recover half of the estate she left. Mrs. Crane's will left all her property to her brother-in-law, but the law provides that the husband shall inherit one-half of his wife's estate, no matter what the nature of the will she made. Crane is in jail awaiting trial. He pretends to be insane.

### FALL OF HOUSE KILLS BOY WOOD-GATHERERS

CHICAGO, July 27.—Three boys were killed and several others were severely injured by the collapse of a two-story cottage at Thirty-second and Fox streets.

The building was being torn down, and the boys were gathering wood for use at their homes when the crash came. James White, a policeman, was badly bruised while rescuing boys pinned under the debris.

### GYPSY FORTUNE TELLER HELPED POLICE CHIEF

With Her Aid Diamonds of Value Were Recovered After Clever Theft.

BABYLON, L. I., July 27.—By the arrest of Timothy Cahill, a bellboy, a sensational diamond robbery at the Watson House has been made public. The gems involved being valued at \$1,500. The rings are the property of J. H. Proudfoot, a broker, and were stolen from his room two weeks ago.

Chief of Police Hoff obtained the aid of a gypsy fortune teller, who, it is claimed, so frightened a young woman who had Cahill's confidence that she gave the secret away.

Cahill, who is about seventeen years old, dug the gems out of a cesspool, where they were in a pocketbook. He was taken to Lindenhurst and locked up. Mr. Proudfoot, it is said, is willing to drop criminal proceedings against the boy, who has heretofore borne a good reputation. Another person, it is claimed, is implicated.

### KILLED WIFE IN HIS SLEEP.

CHICAGO, July 27.—John Mueller, charged with killing his wife and child, makes the novel plea of epileptic somnambulism. Jurors in the case were selected Tuesday. Mueller declares that he slew his wife in his sleep and that his actions were due to a blow on the head received in a labor riot two years ago. Mueller killed his wife and child by shooting them and then hacking them with an axe.

## BRA' SCOTTISH CLANS WERE OUT IN FORCE

As Guests of Caledonian Club They Spend a Gala Day on Annual Excursion Given to Marshall Hall. Prizes Awarded to Winners.

More than one thousand people took Marshall Hall by storm yesterday, and from the time the first boat arrived until the last one left late last night general enjoyment reigned supreme.

The amusements were in full blast, and many were the dimes that went into the coffers of the proprietors. The cause of such rejoicing was that the Caledonian Club was giving an outing. Had a few "kitties" been in evidence one could almost imagine that they were in the picturesque Scottish braid.

The steamer Charles Macalester was kept busy taking the excursionists to and from the scene of gaiety. The first trip was made early yesterday in the morning and the last about 11 o'clock at night. As the weather was ideal every member of the society who could possibly get away from the city went down the river.

Although these excursions are given principally for the benefit of the children, yesterday's outing was enjoyed by old as well as young.

Upon the arrival of the first boat, all made a dash for the athletic field, where a series of events had been arranged. For some hours the youthful athletes ran and jumped and warmed their parents' heart with their prowess. Perhaps the greatest delight was derived from the potato and wheelbarrow races. The spectators were much amused at seeing full grown and dignified ladies trying to scoop up unwieldy potatoes with tablespoons. Then, to see these same ladies trying to wheel a barrow and run at the same time was worth the price of six excursion tickets. There were several ladies in the race who might have finished near the front had it not been for the unwieldy vehicles they had to push.

The results of the athletic events are as follows:

Girls' race—Under eight years. First, Elizabeth Fitzgerald; second, Clara L. Brownlow.

Boys' race—Under eight years. First, Eddie Wolf; second, Philip J. Viehman.

Race for girls—Thirteen and under. First, Catherine Viehman; second, Mary Hodges.

Race for boys—Fourteen and under. First, Henry McVey; second, Charles Klee.

Race for girls—Eight years and under. First, Lottie Brown; second, Louise Hodges.

Girls' race—All ages. First, Pauline McVey; second, Alice Reid.

Pole vaulting—First, Henry McVey; second, Willie Sweet.

Potato race—For ladies. First, Mrs. Stanbach; second, Alice Wolf.

Girls' race—Six years and under. First, Helen Elder; second, Eleanor Otterback; third, Martha Reid.

Boys' sack race—First, Philip Viehman; second, Charles Munro; third, M. Davis.

Wheelbarrow race—For ladies. First, Miss M. F. Miller; second, Miss Maud Leonard; third, Miss Moore.

Boys' race—Six years old. First, Percy Guy; second, John Fowler.

Girls' race—Five to seven years. First, Cecelia Sullivan; second, Marion Brown; third, Minnie Myers.

Boys' race—Under twelve years. First, T. Sullivan; second, Charles Munro.

After the athletic events had been concluded the entire club joined in a hearty meal, in which Scottish oats were a large factor. When all had satisfied the inner man they gathered around the pavilion to see a contest for a valuable prize. Several young ladies gracefully danced the Highland fling. The prize was awarded to Miss Helen Wetzel.

The committee in charge of the affair was as follows: Robert Low, Dr. Thomas Miller, J. Cuthbert, William Nesbit, James M. Leckie, William Jardine, Capt. Robert Armour, John F. McVey and Thomas Skelton.
